There were few ancients among the "ANCIENT ROMANS"

THE AVERAGE ANCIENT ROMAN LIVED TO BE 22

The American born in 1961 can look forward to a life span of nearly 70 years. Since 1900 alone, average life expectancy has climbed an incredible 20 years. Medical progress is the great achiever of these revolutionary gains. New research and new knowledge today promise even further advances. Nevertheless, neglecting to see a physician in time to benefit fully from modern medical science is cheating many not only of average years, but of extra years. Clearly, the great step toward better health and longer life is simple: regular medical check-ups.

Terry Thweatt Charged By St. Louis Police

Terry Thweatt, 34, of Rural Route One, Box 1318, was booked by St. Louis police for suspected assault of a police officer, suspected attempted bribery of a police officer, driving while intoxicated and two traffic charges early Friday.

Police said Thweatt was observed driving east on Olive street at a high rate of speed about 1:30 a.m. He ran a stop sign at a major intersection before his auto was pulled to the curb by a police car, it was reported.

Arresting officers said when asked for his driver's license, Thweatt took a \$10 bill from his pocket and offered it to one of the officers saying, "This is my driver's license."

Thweatt reportedly became abusive at a police station, and struck a mobile reserve officer in the face. He then slipped and fell on the floor, police said.

The officer was examined at a St. Louis city hospital, with no injuries reported. Thweatt was treated at the hospital for contusions and a laceration to the forehead received in the fall and extreme alcoholism, police said.

Thweatt also was charged with violation of a major stop sign and driving 60 miles per hour in a 30 miles per hour zone.

A St. Louis police department spokesman said today Thweatt was released Friday after a warrant on the charges was refused. The traffic violation charges would not require a warrant, he said.

SAFETY COUNCIL PRESIDENT, Don Watson, who was elected Friday to lead the Quad-City organization.

Safety Council Elects Don Watson President

Don A. Watson, 32, of 4116 Rode avenue, safety supervisor at Granite City Steel Co., was elected president of the Quad-City Safety Council Friday. He has been with the company since 1949 and in the safety department since 1953.

The retiring president, Merrill L. Cox, of Laclede Steel Co., presided at the noon meeting held at the Elks' Club.

The slate was that recommended by a nominations committee headed by C. E. Blankenship.

The back-to-school safety program was reviewed. Police Chief Raymond Willard reported the city engineer is making a survey of portable school stoplight problem. The devices no longer are authorized under the new traffic code.

G. W. Hoelscher reported that \$440 has been received so far as a result of the appeal operating money for the year. He is in charge of fund-raising.

Cox reported receipt of 1000 safety crossing signs. Dr. Stanley Maer is in charge of distributing them where they will be most effective.

Assistant Fire Chief Curtis Donley reported on the fire department's school safety program. He said Fire Warden magazines were distributed to all students in the first through fourth grades in Granite City schools. Each class elects fire wardens, he said.

Two new members were present. William P. Hoelscher of East Side Manufacturers Association and Charles Zeugin of General Steel Industries.

Townsend Named Bi-State Board Vice-Chairman

C. E. Townsend, Press-Record editor and publisher, was elected vice-chairman of the Bi-State Development Agency board of commissioners Thursday. Election officers were held at the board's office in St. Louis.

Leo A. Fisher, former chairman of the Missouri Highway Commission, was named chairman of the board. Herbert S. Wilhelm was re-elected secretary and Harry F. Harrington was re-elected treasurer.

Fisher succeeds Charles M. Ross, Belleville, vice-chairman who had been acting chairman for the past several months. Ross, the only remaining charter member of the board, declined nomination to a board office but agreed to continue as chairman of the executive committee.

Bus Firm Negotiations

Fisher also was named by the board to head Bi-State's committee negotiating for purchase of area transit companies. Securing the firms is a major step in a Bi-State plan to own and operate a unified mass public transit system to serve the entire metropolitan area.

Commissioner Edwin M. Clark, who has headed the negotiating committee, asked to be relieved of the duty because of lack of time. The committee has reached agreement with the St. Louis Public Service Co. for purchase of its properties and equipment at a price of \$13,450,000.

Col. R. E. Smyser Jr., Bi-State executive director, said Friday negotiations are expected to get underway this week with 11 of 14 remaining bus companies, including Community Coach Co. of Granite City. He said possibilities of reaching agreement with the remaining firms look favorable.

Smyser said the board's executive committee was asked to study bids on the proposed Chain-of-Rocks Canal harbor and dock improvement. The bids, opened Thursday morning, all were well in excess of the estimated cost of the project, he said.

Bulk Of Village Tax Burden

MORE ABOUT

budget or levy in the neighborhood of \$17,000, a substantial increase over existing taxes seems probable if incorporation is approved. The \$17,000 would be in addition to the present \$17,865.

Funds From State

There are several points which brighten the tax outlook somewhat more than the above analysis indicates. For example, the state motor vehicle fuel tax funds is anticipated.

If the state expenditures for highway taxes were made a part of the \$17,000, less property tax revenue would be needed. However, this would reduce the amount of funds available for non-street purposes.

The amount of the budget financed from direct property taxes also could be reduced through city license income.

Some of the potential licenses, such as village auto license tags, would be paid by Pontoon Beach families. Others such as liquor licenses, would be paid by those operating taverns at Pontoon Beach.

Commercial, Railroad Property

Reference to the taverns pinpoints another factor. Not all of the present taxable property consists of homes. There are commercial establishments such as the taverns, as well as other property subject to real estate and personal property taxes. A railroad right-of-way, the Illinois Central tracks north of Route 162, forms the southern boundary of the proposed village.

Present tax rates are not static. Willard F. Hicks, 3888 Lake drive, has pointed out. Former Nameok township clerk and an unsuccessful township supervisor candidate, he is one of the most active of the village proponents.

Hicks points out that as soon as the village began maintaining and improving Pontoon Beach roads, this section would be deducted from the road work currently being carried out by Nameok township. Hicks sees the prospect of a reduction in the 28.6-cent township road and bridge tax rate as a result of village incorporation by Pontoon Beach.

Cost, Income Prospects

Another aspect is the certain growth in assessed valuation, due to home construction which is in progress, and the potential future growth as other areas within the proposed boundaries begin to build up.

Also, the village later could expand its territory to acquire an even larger assessment.

There is the simultaneous prospect that more services and costs would be necessary as the population and village area grew.

Motorist Is Charged

Charges of following too closely and no driver's license were placed against Jack Conner, 31, of 2004 Elm street, who was involved in a crash about 2 a.m. Sunday on Madison avenue at Nameok road.

Police said his northbound auto struck the rear of the auto of Emmert J. Williams, 19, of 2611 Myrtle avenue, who had stopped for a traffic signal.

SOCIETY

Miss Marcella Hendricks And Leo B. Lindsay Are Wed

Miss Marcella Hendricks' became the bride of Leo B. Lindsay Saturday evening in a ceremony taking place at St. John United Church of Christ on Namewick road. Rev. Paul Surbey heard the vows of the couple at 7:30 and a reception was held afterward in the church basement.

The bride is a daughter of Mr. and Mrs. Raymond Hendricks, 2612 Iowa street. Mr. Lindsay's parents are Mr. and Mrs. C. Leo Lindsay, 2026 Lee avenue.

Bouquets of fall flowers and foliage decorated the church sanctuary and the bride was escorted down the aisle by her father. She wore a gown of silk, peau de soie. Ballerina-length, it was fashioned with a scoop neckline and bracelet length sleeves. The bell shaped skirt was formed of unpressed pleats and trimmed with lace motifs. The fitted bodice also featured insets of lace. A white satin crown was attached to a circular veil and the bride held a cascade bouquet of white Fuji mums and lemon leaf foliage.

20 Plays Produce 46 Points; Prather Rolls Past Roxana

Tacking up two touchdowns in each of the final three quarters, although they ran just 20 plays from scrimmage all afternoon, Prather junior high school footballers blanked Roxana here Thursday 46-0 to boost the Chiefs' mark to 4-1 for the season.

Fullback Gary Johnson scored the Chiefs' first TD on a 38-yard run on the first offensive play by Prather. Tom Stitch plunged for the extra point and a 7-0 Prather first-quarter lead.

Leo Nighohossian got loose in the second quarter for scoring sweeps of 35 and 51 yards, with Gary Johnson plunging for one extra point to give Prather a 20-0 halftime advantage.

Tom Stitch scored Prather's fourth six-pointer on a four-yard run in the third quarter, and Jim Rains booted the extra point. Charles Collins intercepted a Roxana pass and ran it back 40 yards for a score and a 35-0 Prather lead at the end of three quarters.

Rains threw two touchdowns passes in the final period, a 30-yarder to Gary Johnson and a 40-yarder to Steve Johnson. Rains kicked the extra point after his first TD pass.

Prather held Roxana to a minus two yards rushing on defense, with tackle Harold Skalisky and linebacker Fred Hoffman showing up well on the defensive unit. Rains hit five of eight passes for 98 yards.

Prather meets Coolidge at the CC high school field Thursday afternoon in the final game of the season for both clubs.

Braves Rally, Defeat Cahokia To Clinch Conference Title Tie

Coolidge junior high school clinched a tie for first place in the Junior High Football conference Thursday afternoon at Cahokia, where the Braves rallied with two second-half touchdowns and stayed unbeaten and untied through six games, 19-13.

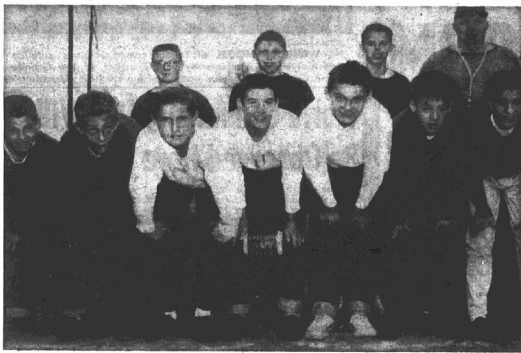

The Braves scored first in the opening quarter when Tim Hackney plunged two yards for a touchdown, but Cahokia struck back with two second-quarter scores, one on a 45-yard run, to go ahead 13-0 at half-time.

Coolidge tied the game in the third period on Ricky Turner's one-yard dive for a TD and an extra point by Greg Wozniak.

Jim Norris went three yards for a score in the final quarter to give the Braves the victory margin.

Cahokia scored its final TD on the last play of the first half, but Coolidge's defense stiffened in the second half to hold the host team, beaten only once previously by this fall, scoreless in the final two periods.

ALUMINUM AWNINGS — GRANITE CITY GLASS — TR. 7-3400

THERE IS AN UNDEFEATED football team in the Quad-Cities this fall. The Venice grade school flag football team won all seven of its games and the Tri-County grade school conference title, although Venice is the smallest school in enrollment of the six in the conference. Helping to compile the unbeaten record under Coach Roger Davis were (front row, from left) Russell Turner, Butch Valleroy, Marvin Nash, Roger Schaffner, Wilson Hundley, Larry Barr and Ronnie Pier, and (back row, from left) Greg Puent, Richard Essington and Denny Hill. Coach Davis is at right.

SWIMMING PROGRAM — This group of soldiers is among Granite City Army Depot men who took part last week in the Army's soldier swimming program. The Army makes every effort to see that every man can swim. Those who do not pass qualification tests are given swimming instruction. The YMCA makes its pool available for the program. Several groups have been tested so far this week. These men are turning in their locker keys after taking part in the program.

World Community Day Will Be Observed Here On Friday

Plans have been completed for the annual World Community Day service to be held at 1:30 p.m. Friday, Nov. 2, at Trinity Methodist Church, 2542 East 25th street, sponsored by the Quad-City Council of Church Women.

Mrs. Wayne Young, Council president, and Mrs. Donald Riverview, who is serving as chairman of the program, will lead the worship service. Mrs. Cieta Gann will preside at the organ and accompany the soloist, Mrs. Dolores Boston.

Highlighting the program will be an address by Rev. Harold C. Grunewald, pastor of Bethany United Church of Christ in St. Louis, on the theme, "Deepening the Channels to Peace." His topic will be "You Shall Be My Witnesses."

Rev. Grunewald was graduated from Elmhurst College in 1942 and Eden Theological Seminary in 1945. He served for six years as associate pastor with his father in Dayton, O., and was in charge of other parishes in Ohio before going to St. Louis. He was a member of the Evangelical and Reformed Board of Christian Education and Publication and is on the board of directors of Eden Theological Seminary.

Cooper Is Developer

Developers of the Meadow Lane subdivision on Route 3 in Mitchell are Cooper Homes, Inc., and not Rozycki Realty, Walter Rozycki told the Press-Record today. Rozycki Realty was listed as the developer in a Thursday Press-Record item, but the firm serves instead as sales agent for the new homes, Rozycki said.

GC Township Officials
Attend Convention

Township Assessor Von Dee Cruse and Supervisor Nelson Hagmuer returned last week from a three-day convention of the state Township Officials Association held in Peoria.

The officials attended sessions designed to aid town officers in solving local problems. Cruse said assessors throughout the state are being urged to strive for uniform assessments within counties. "This is being sought," he said, "since 1963 is the quadrennial year for real estate assessments."

Assessors in Madison county are holding meetings to discuss such a program.

INVESTMENT in the Future...

Piano lessons for your child are exactly that—an investment in the child's future—an investment which will pay your child rich dividends all his life.

"Does my child have talent?" you ask. Our answer: had he shown any talent for spelling or reading before he started these subjects in school? "Will he practice?" you wonder. You require him to prepare his school lessons, of course, and it's squarely up to you to see that he practices.

When you buy a piano for your child, regardless of how much you wish to invest, there is a best which you will find at Johnson Music, displaying the best selection of new and used pianos. A large number of area residents went to Champaign Saturday for the homecoming game between the University of Illinois and University of Michigan which the latter won, 14-0.

Among the spectators were Mr. and Mrs. Edward Todd, Mr. and Mrs. Louis Buehner, Miss Barbara Kerch, James Lynch, Austin Hufstutler, Mary Sand, Attorney G. E. Kerner, Cook, Rosemary Wadlow, B. C. Beam, Roy Graham, Robert Cameron, Neal Kelsa, Al Wiesman and Doris Mae Pope.

Taking advantage of the Halloween season, two men in costume and wearing masks hitchhiked a ride with Irvin Simon, Mitchell farmer, and then drove his automobile at the point of a revolver at 2:30 a.m. Sunday. They forced him out of the car about a half-mile south of the canal.

Rhys Davies, a member of the British House of Parliament will speak here at 8 p.m. Saturday at the second number of the Library Forum. St. David's Society made it possible for the speaker to come here by assisting the library committee with expenses.

Mr. and Mrs. Mike Dutko, 1317 Market street, Madison, had as weekend guests Mr. and Mrs. James Olesky and family of Whiting, Ind.

Hundreds of youngsters and adults took part in the annual Halloween parade and entertainment which was given Saturday night by the Associated Retailers with the cooperation of the Tri-City Post 113 of the American Legion.

The parade marched through the downtown district and disbanded at the post office, where 75 merchandise and cash prizes were presented. Afterward, entertainment was furnished.

GRATEFUL FOR AID TO HIGHWAY PROJECT

To the Editor:

It seems fitting that we should voice the sentiments of thousands throughout the state in Melvin Price's district for him and all the state senators and representatives for their devotion to the completion of the McAdams Highway from Alton to Grafton and Ponton road.

A contract will be let Oct. 20, 1937, for the rough grading of the last 27 miles from Chautauqua to Grafton, and it is the opinion and hope of thousands who visit Grafton and Ponton road that this last section will be completed for traffic in 1938.

Many people living in Grafton and Ponton are employed in the industrial districts of Alton, East Alton, Wood River, Madison, Granite City, East St. Louis and St. Louis.

This McAdams Highway is a section of the Great River Road from Minneapolis to the Gulf of Mexico now under construction in some locations.

FINAL APPEAL TO OWNER OF DOG WHICH BIT BOY

To the Editor:

We are writing this for publication as a last appeal to the young lady whose dog bit our eleven-year-old son. This happened in front of the Hi-Rite Market on Ponton road three weeks ago on a Wednesday afternoon.

The Press-Record has already given us several fine notices in regard to this incident, and for this we wish to express our appreciation.

We would like to state here and now, that if this young woman will call TR 4-6885 giving us the information we need, she will in no way be prosecuted, nor will her dog be harmed. Her identity will not be divulged.

We cannot emphasize too strongly how important it is that she comply with this in your mind, if she does not, the boy will have to undergo the painful shots beginning the first of this week. If the young woman will not

Active Support Vital As University Zoning Proposal Reaches Crucial Stage

There comes a time when individuals and groups must stand up and be counted upon, instead of waiting to be swayed by possible future trends in public opinion. Such a time has been reached in the related issues of Southern Illinois University and Madison county zoning.

Zoning is needed to encourage orderly growth and accompanying prosperity. It also is necessary in order for construction of the new university to begin. And the university itself obviously is needed to provide more adequate opportunities for higher education.

Strangely, a few persons bitterly resent the establishment of a major four-year state university in the bluff area of Madison county. The same group forms the nucleus of opposition to zoning. Using distorted information and distorted truths, the "againers" have convinced residents of some farming areas that they also should oppose zoning and SIU.

With zoning hearings proceeding and developing growing support, it is imperative that county residents give continued and increased backing to the proposal. And it soon will be up to members of the County Board of Supervisors to stand up and be counted—on the side of zoning, SIU and the present and future welfare of Madison county voters and taxpayers.

Each day that passes is a day of delay in building the university.

Make friends whenever you have the opportunity; your enemies will make themselves.

Voting Practices In Fifth Ward Challenge To Election Authorities

Naming no names and making no indictments, the special grand jury report nevertheless should bring about stricter adherence to proper voting procedures in the Fifth Ward, where Walter Norn and Steve Basarich are the aldermen, and closer supervision by election authorities.

Testimony established that a ward leader hired vote solicitors who then went out and encouraged minors to cast illegal votes. The special grand jury board election. Ironically, only the youngsters violated the law; the adults they looked to for counsel betrayed the children while taking no risk themselves.

Democracy is meaningless unless elections are conducted in such a way that the public's actual wishes are reflected in the vote results. Each breakdown in following election rules weakens government by the people. The people who elected us last April do not deserve the respect or attention they have been accorded on election days. They hold no official election capacity, and it is clear they cannot be relied upon for proper unofficial advice.

The Granite City school district and other public bodies responsible for conduct of elections have a clear warning from the grand jury. We trust there will be more intensive surveillance of Fifth Ward area voting in the future.

LETTER FAVORING G.O.P.

To the Editor:

This is in reply to a recent letter in the Forum of the Press-Record, "Vote in favor of the Administration policies" is the heading.

I am afraid I have to take issue for the simple reason that he does not know what he is writing about.

Could it be that the only reason he is writing is to see the product of a politically immature person who called to their attention. Our Granite City radio station was also very helpful.

UNHAPPY WITH VACANT HOUSES, ALDERMEN

To the Editor:

A house in the 2600 block of East 24th street has been vacant for one month. At present there are about 60 houses in the Granite City Steel plant which have been vacant for two to three months. These places are an eyesore and a health hazard, infested with rats, mice, snakes, weeds and debris about the yards.

Our children are forced to walk in the streets to board the school bus; it is dangerous to walk on the sidewalks, as snakes of different types crawl across the way.

This locality reminds me of a deserted gold mining town in the wastelands of Nevada, a ghost town to be exact. Does an existing condition of this type give us a high rating as an all-American city?

Ever since election day we have not been successful in contacting our aldermen. They are hibernating? The only person we can look to for help is the alderman in charge of the committee. He is always ready to aid in any way. He gets no pay for his efforts. The aldermen are paid to do the job but the only thing they do is collect their monthly salary and expense allowance.

We still pay as much taxes as other residents but get no con-

PASTOR SPEAKS

The headlines of our daily papers are filled with the words "revolt," "massacre," "murder," "war," "divorce," and "segregation."

Yes, today we continue in our way to about "Crucify Him." The very word Christ came to save is rejecting His love and life.

How about your life? Are you crucifying the life God created? Are you strongly abusing it? Are you drinking, inadequate rest, improper diet, immoral lives? By abusing your own life, you again crucify Him.

How about your family and friends? How are they crucifying?

ing a new Christ that taught, "Love thy neighbor as thyself?" Have selfishness, hatred, bitterness, envy, and strife driven us away from a real love of family and friends? If they have, we too, are guilty of crucifying the Lord of Love.

No matter how loud the crowds cried, "Crucify," they could not contain Christ in death. He rose from the grave and, through His love and grace, we can be forgiven of our sins and failures. Why are we in our lives continually crucifying the very things He gave His life for?

Christ won over death and we can share His victory only by accepting His way, not by shouting, "Crucify Him."

UNDERSTANDING VARICOSE VEINS

Though varicose veins are most frequently associated with middle age, the condition can occur in all ages, sexes and races.

Varicose veins are those whose walls lose their firmness and bulge out in irregular lumps seen under the skin.

Those most affected are the superficial veins—lying between skin and muscles—in the legs. Deeper veins, supported by muscles, are seldom seriously affected.

Causes Unknown

The causes of varicose veins are not definitely known, although it has been established that heredity is a factor.

The condition is frequently associated with pregnancy, with occupations requiring persons to stand for long periods, and—in fact—any condition that places undue pressure on the vessels of the legs.

Why do veins dilate? To understand this, one must know the function of the veins. After the arteries carry the blood from the heart to the tissues, the veins pick it up and return it to the heart.

If the veins fail to carry out their function properly, the blood does not move to the heart and accumulates in smaller veins, causing progressive dilation.

Inflammation Serious

When varicose veins are fully developed, many things are apt to happen—discoloration of the legs, eczemas of the skin and, eventually, ulcers. If inflammation occurs, serious illness may result.

Even a slight bruise, which ordinarily might cause no discomfort, may develop into a varicose ulcer which, if not properly treated, may enlarge and involve all the layers of the leg structures, even to the bone.

The first essential step in the treatment of varicose veins is a complete physical examination by a physician. This will establish or eliminate factors causing mechanical obstruction, such as pelvic tumor, chronic cough and even tight girdles.

Consult With Physician

Many persons have one or more conspicuous veins which are not varicose, but those who have many enlarged veins and tired aching legs should see a physician.

The complaint of tired legs is often associated with varicose veins although other conditions, such as flatfoot, heart, kidney, or stomach disease, may also be identified with this symptom.

Techniques used in caring for varicose veins include bandaging, wearing of elastic stockings, injections or surgery. The use of any one of these procedures, however, is dependent on the severity of the condition in the individual case, and a decision rests with the physician.

LADIES AND GENTLEMEN OF MADISON COUNTY

A candidate who expects to be elected to public office should also expect to appear in public and meet the people whom he asks to vote for him. William C. Straube, a Republican and candidate for Sheriff of Madison County in the Nov. 6 election, has never refused to speak and appear at any meeting sponsored by a responsible group. His opponent, on the other hand, has exhibited little enthusiasm for public appearances of any kind.

On this fact alone, if none other, which of these two candidates will you vote for?

Elect a public figure to a public office.

Discuss Plans For Library Art Show

Final plans for the Nov. 26-Dec. 1 art exhibit at the Granite City library were discussed this morning at a meeting of the Ways and Means committee of The Artists' Group, sponsors of the show.

Mrs. Carl Fuller, chairman of the exhibit, said a number of entries have been received. The show is limited to works of adult artists from the Quad-Cities area.

While the library staff endorses the exhibit as a way of promoting and stimulating the practical expression of creative art in the community, Mrs. Fuller said, financing of the project must be assumed by The Artists' Group.

She said the \$1 entry fee, which must be submitted with the entry blank, goes for this purpose. Entry blanks are available at the library desk and at DeWitt's Suburban store, 2113 Johnson road. Deadline for entry is Nov. 10.

The Junior Minerva Club has loaned materials used by them in a similar exhibit in the past. Mrs. Fuller said, Members of the YMCA Senior Citizens group directed by Mrs. Frieda O'Guin also have expressed interest in the exhibit and will be represented, she reported.

Quick Nap At YMCA Here

Douglas Speaks On Local, World Events On Corners

A pause for a quick nap at the YMCA dormitory was taken here Thursday afternoon by U. S. Sen. Paul Douglas.

The senator, who was in Madison county speaking for the U. S. and State Senator candidate of Sidney Yates and Paul Simon, broke off momentarily his tour which brought him here about 2 p.m.

He first gave a scheduled talk on the corner of 19th street and Edison avenue, and then headed for the "Y."

While there he gave an unscheduled talk before the Senior Citizens' Club, outlining the Democratic party's program for health and care for the elderly.

His street corner and plant gate talks also encompassed the proposed health program.

International Emphasis
However, strongest emphasis was on the international scene, state, county and local problems.

Sen. Douglas said he inspected the Horseshoe Lake area with H. D. Karandjoff, local banker and chairman of the Horseshoe Lake park group, and Simon, before making his first talk. City appearances were at the Belleme Village shopping center, Granite City Steel Co. and Gasco, Schermer's market in Madison and the Tri-City Grocery in Venice.

From there he went to Wood River, and in the evening the senator was guest speaker at a fund-raising dinner in Alton for Paul Simon, who is seeking the office of state senator.

Douglas said he would introduce a bill in support of the Horseshoe Lake park development, and urged Quad-Cityans to continue on local and state levels to seek funds for the facilities. "We need to save recreation areas throughout the country, and Congress is trying to do just that."

Recreation Areas Needed
"We need your support, Cong. Price will be with me in supporting such measures. With the population explosion in Madison and St. Clair counties, the lake is needed for recreation — boating, swimming, fishing and picnicking."

"If we don't save these sites, all the land will be used up in another 10 years," Douglas said. Going to the International

He was born in Gas City, Ind. Survivors include two sons: Harold of St. Louis and Carl of Hot Springs, Mo.; a daughter, Mrs. Ruth McCracken of Eureka, Mo.; a brother, Ollie Rutherford of Anderson, Ind.; 10 grandchildren and three great-grandchildren.

His wife, Edith, preceded him in death in 1944. Funeral services were conducted this morning at a Granite City funeral home, with burial in St. John's Cemetery.

An obituary notice appears elsewhere in this issue.

Two Youths Plead Guilty To Theft; Freed On Bond

David Lee Jackson, 18, of 1538 Second street, and James Thorp, 19, of 1608 Third street, were freed on \$500 property bond each Friday by Police Magistrate Gasparovic. They pleaded guilty to petty theft and the case was taken under advisement until Nov. 9.

They were arrested Thursday night on the warrant of the Tri-City Grocery Co. for shoplifting. An attempt was made to obtain refunds at a local confectionery store on sundry items taken from the firm's Cleveland blvd. store.

scene, the senator said the President's decision earlier in the week was not based on the forthcoming election. "That's what some Republican leaders are saying."

Awaited Confirmation
Douglas explained the President had to make certain the missile bases were for offense rather than defense before he acted. "He didn't know until the pictures arrived."

"If he had acted too soon, we wouldn't have been given the support we received from other countries. If he had waited until after the election, it might have been too late," Sen. Douglas said. "We don't want the situation to become a political issue."

He called for individual support of the President's action and for election of Congressmen who support the President.

"Sidney Yates," he said, "was instrumental in the development of the nuclear submarine — a mobile, underwater, missile base — for this country."

Douglas said Yates as a Congressman called for committee investigations when the Navy was ready to build Admiral Rickover.

"The nuclear submarines developed through Rickover's program, provided this country with its greatest weapons. It's range is 35,000 miles without surfacing. The old oil-fueled subs could go 1000 to 1500 miles and then had to refuel."

"We owe this development to Yates and he deserves to be elected," Douglas said. **Reviews Party Record**
Pointing to the past programs of the Democratic party, Sen. Douglas said it pushed through the first labor legislation, Social Security and its increased coverage and minimum pay rates.

"In the future, we're going for hospital care for the aged through Social Security and matching funds from the employer."

"This legislation would not only benefit the aged but also their children and grandchildren. Look at the dilemma some families are in. Their parents are ill and they don't know whether to help them or to provide for their children."

"In the interest of all people, I think."

"I urge you all to vote on Nov. 6. And vote straight Democratic," the senator concluded.

Mudge, GOP Head Outline Views Of Election Conduct

State's Attorney Dick H. Mudge today gave assurance that he and his staff will aid in proper conduct of Nov. 6 balloting. But he said an appeal received by him Friday from the county Republican chairman was unnecessary.

Mudge said he does not share Charles Barnett's lack of confidence in election judges, and reported that Mudge's challenges have been treated courteously at polls where precinct committeemen opposed his candidacy. He stressed that partisan considerations have not influenced his office during six years as state's attorney, and speculated that Barnett's advance action is based on "premature dissatisfaction with the results" of Nov. 6.

The state's attorney said several attorneys are among the Republican candidates and have the experience to aid in challenges and watchers. In addition, Mudge and all of his assistants will be at the polls to assist in any "reasonable" requests. He added that poll judges are selected by the clerk of each precinct, both Republican and Democratic party ranks.

Barnett said that the past disputes over procedures, voting and ballot counting, election officials have called the clerk of each precinct and clerk's office and received rulings which Barnett feels were not correct. He urged that the rulings be made by the state's attorney in his capacity as legal advisor to county officials.

The GOP chairman said past legally designated challengers have not been allowed to remain in polls, and urged that Mudge act "with all the vigor of your office" to assure that the election is conducted according to law. Mudge said action up to and including criminal prosecution will be taken where evidence justifies it.

Madison CD To Discuss Training Wednesday

Stepped-up activities of the Madison civil defense organization will include a meeting at the headquarters in the Madison Recreation Center at 7:30 p.m. Wednesday, during which the staff will discuss communications training plan. The organization has four new members: operators, Director Harry R. Johnson reports.

Pamphlets on CD shelters are being made available to those requesting them, and air raid warning service is being expanded. First-aid activities will be accelerated, and there will be additional training in first aid principles at the next meeting of the first-aid division of the CD staff, Johnson said.

A course on traffic control to be taught to 12 new members of the Madison auxiliary police force, and a refresher course will be given to experienced auxiliary police.

The Madison defense staff has applied to the state for matching funds to purchase five mobile radio units, one base station and one remote control radio unit.

\$15,000 Judgment In Injury Suit Verdict

A city court jury returned a verdict Friday in favor of the plaintiff in a law suit filed as the result of an accident in which a pedestrian was struck by an auto last Nov. 2 near the intersection of Hodges and Washington avenues in Granite City.

The jury returned a judgment of \$15,000 against the defendant in the case, Grayell A. Slusher. The plaintiff, Mrs. Alone Reagan, had asked for \$100,000 and costs in an amended two-count complaint, claiming that injuries to her husband had deprived her of his services and companionship, and that he sustained serious and permanent injuries as the result of the accident.

The selection of a jury to hear the lawsuit involving a pedestrian who was struck by an auto had been completed shortly before noon today.

School Disaster Plan Outlined At CD Meeting

The disaster plan for a CD alert is the same as for a severe system have a plan for protection of students in the event of a Civil Defense or other alert, Dr. Harold Kaiser said at a meeting of the Civil Defense staff Saturday.

The school superintendent said "The board policy has been that in case of a Civil Defense alert all schools should put into effect a take-cover plan," Dr. Kaiser said. "All students would be assembled in the safest part of their building. In general, this means a child would not be in an area adjacent to a large window area."

A child can only be released from school if a parent makes such a request or comes for him, Dr. Kaiser said. He said the length of any such alert would depend on instructions from Civil Defense authorities.

The school plan was reviewed after Mrs. Valerie Evenden, an assistant Civil Defense director, noted that a great number of calls have been received since the beginning of the Cuban crisis regarding such arrangements.

Serch Shelter Information
Other callers have been concerned primarily with fallout shelter information and similar material, Mrs. Evenden reported. She said some calls have been received from other Civil Defense organizations asking for materials of which their supplies have been depleted.

Victor Koenig, Granite City CD director, said arrangements have been made to have fallout shelter material and other literature distributed at local banks and grocery stores Friday evening. Civil Air Patrol cadets have volunteered for the project, he said.

Further plans were discussed at the meeting for a two-hour course on radiological defense to

Report Lawyers For Judicial Plan Increasing

Differing views were expressed during the weekend on the Madison County Bar Association's plan and on attorneys' views of the Illinois judicial amendment to be voted on Nov. 6.

A letter to the Press-Record from eight attorneys representing the Madison County Committee for Modern Courts estimated that 60% of the county's 150 lawyers favor the amendment. They described the county bar group's formal opposition as

The group is composed of Burton Bernard of Granite City, Emerson Baetz, Charles Godfrey and Hillary Hallett, all of Alton; James Massa and William Wilke both of Collinsville; John Morrisey of Edwardsville; and Donald and an attorney's views of

The eight said the Tri-City Bar Association's vote on its anti-amendment vote with less than ten members present. Moran replied that the Tri-City group acted with the unanimous consent of those present and they reaffirmed the stand at a later meeting.

Signers of the letter contend that the county bar group acted 13 months ago and that since then many have developed greater understanding of the proposal and now support it. They say the apparent basis for opposition is that the amendment would "take judges out of politics."

The pro-amendment lawyers relate that "efforts by a few to use the county machinery of the Democratic party to defeat the judicial amendment have continued even though the state platform of the Democratic party favors the amendment. We trust that increasing understanding on the part of the committeemen and their leaders will thwart these efforts."

GO TO CHURCH SUNDAY

Eight persons signed the petition which has been received by Mayor Stephen Maeras.

The mayor said he called the power company to inquire if there was any other way of feeding the traffic signal at Sixth street and Madison avenue.

"It was told there is no other feasible way," the mayor said. "To come down the alley would mean coming across a long stretch through a service station and the distance is too great."

He said there are only three poles in the block, two on one side and one on the other. The main line is along Grand avenue.

How to save money and help make sure of sunny days to spend it

This man claims that our free system has no future. An important way we can prove him wrong is to keep strong financially — as individuals and as a Nation.

When you put your savings in U.S. Savings Bonds, you do more than save for a rainy day. You also help make sure of "sunny days" ahead to spend that money in.

The money you save isn't going to do you much good unless you have the freedom to spend it. Freedom to use it as a down payment on a new home of your own, for example. Or a college education for your children.

You see, while U.S. Savings Bonds are earning interest for you, Uncle Sam puts your dollars to work in the interest of freedom. Every dollar you invest helps strengthen our economy here at home; helps our Nation stand up for freedom all over the world.

And then your money comes back to you... \$4 for every \$3 you invest when your Series E Bonds mature.

You can put your savings to work doing double duty by buying Savings Bonds at your bank... or on the Payroll Savings Plan where you work. Why not look into it now?

Keep freedom in your future with U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this newspaper for their patriotic support.

Need More Who Will Serve Community, Doctor Says

Dr. Irvin Wiesman said last week there is a definite need for more groups interested in the welfare of the community and willing to assist in solving community problems.

The local physician made the statement as he accepted honorary chairmanship of the Granite City Junior Chamber of Commerce's pancake "brunch" to be held Sunday. Proceeds from the event will go toward securing a house doctor for St. Elizabeth Hospital.

"I feel that the program begun at this time by the Jaycees is a step in the right direction toward a solution of this particular problem," Dr. Wiesman said.

Morris Miles, chairman of the "brunch," said all funds derived from sale of tickets will be used to help publicize the hospital's need for a house doctor and to assist hospital authorities in whatever way they wish.

The "brunch" will be at the American Legion home, 2351 Madison avenue. Pancakes, sausage, coffee and juice will be served from 8 a.m. to 2 p.m. Tickets may be secured from any member of the Jaycees or at the door.

GOV Chairman Calls For Close Watch At Polls

An open letter to the chairman of the Madison County Democratic Central Committee from the chairman of the Madison County Republican Central Committee calling for tight legal restrictions in polling places on Nov. 6 was received here Friday.

In the letter to Stanley T. "Back" Simmons, Venice, the GOP chairman, Charles W. Barnett of Alton stressed the need for a cooperative program to curb voting violations and persons causing such violations would be prosecuted.

Excerpts of the letter follow: Dear Mr. Simmons: This is an open letter to you as chairman of the Madison County Democratic Central Committee. Copies of this letter have been given to the press and radio and given general circulation.

You are certainly aware that for many years improper practices have been reported in various areas of Madison county in connection with the voting and counting of ballots.

DR. IRVIN WIESMAN, left, receives tickets to the Granite City Jaycees' pancake "brunch" to be held Sunday at the American Legion Home, 2351 Madison avenue. Dr. Wiesman is honorary chairman of the event, which is to raise funds to help secure a house doctor for St. Elizabeth Hospital. Presenting the tickets is Morris Miles, "brunch" chairman.

Now you need good lighting more than ever!

Good lighting is one way to make up for the hour of daylight we're losing... and a good way! You'll be using more light, not only in the kitchen, but in the living room, dining room, bathrooms and bedrooms. More light will cheer your home, make your household chores more pleasant, make your leisure hours more relaxing. Good lighting can do all this and save your eyes from unnecessary strain because it is glare-free. Check your home right now to see where good lighting can make your winter more pleasant; under kitchen cabinets, next to your favorite reading chair, in the bathroom, or next to the bed.

Good lighting is so economical (a 150-Watt bulb burns for 3 hours for 1¢), it's a luxury you can't afford to do without.
